

**DATA SHEET**  
**information stickers**  
**HAS DFS**  
**for residual current circuit-breakers DFS 2 and DFS 4**  
**Article number 09200021**

**Function**

User-friendly programs and clear documents for the use of our products. The switch position sticker describes the restart of a DFS 2 or DFS 4 after a trip, e.g. by pressing the test key or due to a system-related fault. The required action steps are displayed both graphically and in text form.

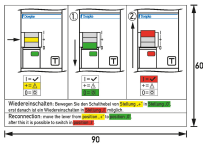

**Mounting**

Mounting by glueing to dry, dust-free surfaces.
