

DATA SHEET
mounting rail adapters
RCM Mount B 035
for e.Guard RCM B residual current monitors
 Article number 09344935

Function

Additional components that simplify assembly. The mounting rail adapter is an accessory for the e.Guard RCM B residual current monitors and enables mounting on a mounting rail. The bar retaining clip and the mounting plate are joined using the screws provided. Once mounted, the mounting rail adapter is secured on the back of the residual current monitor.

Notes

Name change: DCTR B 035-RM mounting rail adapter and DCTR B 070-RM mounting rail adapter are now RCM Mount B 035 and RCM Mount B 070. The products can now be found under their familiar article number or the new name.
