

DATA SHEET

detectors/control panels

DMD P

acoustic and visual indicator and control panel

Article number 09352011

Function

Modules for the remote display and operation of protective and switching devices. Display and signalling panel DMD P for visual and acoustic remote display of the switching status of the DMD 2 residual current monitor.

Features

visual alarm display through red flashing LED, acoustic alarm through interval tone, acoustic alarm can be reset using reset key

Mounting

in-wall mounting, on-wall mounting, installation in conventional switch socket 68 mm, max. cable length 100 m

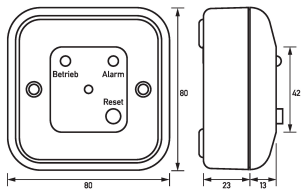

Applications

Accessory for DMD 1, DMD 2 and DMD 2 E series

Technical Data

Technical Data	DMD P
Series	DMD-P
	Display operation
Number	1
Type	LED (green)
	Display main alarm
Type	LED (red)
	General data
Duty cycle	continuous operation (Duty cycle ≤ 100 %)
max. Operating altitude above MSL	2000 m
Housing type	wall-mounted housing, in-wall housing
Installation type	Socket/box installation, Front mounting
Housing material	polycarbonate (PC)
Protection class	IP20
Width	80 mm
Height	80 mm
Depth	42 mm
Installation depth	42 mm
