

DATA SHEET

Gebäudesystemtechnik-CD

Article number 09501001

[Internetlink](#)

Function

Optional devices apply as accessories to the main product classes. This CD contains all essential documents and programs required for project engineering and commissioning our Dupline and SI systems. It contains, for example, the ProLine and ProLineNG software for channel generators, as well as the project design guides for Dupline and SI. The CD is browser-based and available in German and English.

Features

comprehensive collection of the most important documents and programs for the Dupline and SI systems, two languages (German/English), browser-oriented

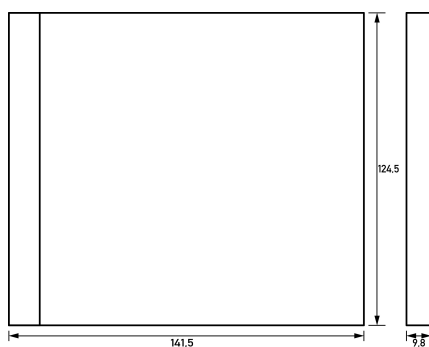

Notes

The content on the CD is updated regularly. The most recent software and document versions can be found on our homepage at <http://www.doepke.de>.
