

DATA SHEET
protective cover caps
EV-S BS

for covering free terminals
 Article number 09920160

Function

Covers and caps enable retrospective protection against live connections. Protective covers facilitate the cover of free connections on busbars and phase bars. The EV-S-BS protective cover facilitates the cover of free connections on busbars and phase bars with cable lugs. The bright yellow material warns of hazardous touch voltages.

Features

protective cover for five cable lugs, bright yellow material

Mounting

5x cap for plug-in

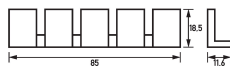

Applications

The protective cover is used in the distribution board anywhere where cable lugs are unused and therefore accessible on busbars and phase bars.

Technical Data

Technical Data	EV-S BS
Series	EV-S BS
Accessories design	cover
General data	
Installation type	Device extension
Housing material	thermoplastic
Width	85 mm
Height	11.6 mm
Depth	18.5 mm
