

DATA SHEET

seal caps

HS P-20/25

for HS installation contactors

Article number 09980498

[Internetlink](#)

Function

Covers and caps enable retrospective protection against live connections. Seal caps protect against contact with live terminals and can also be sealed. The HSP seal caps make IT possible to safely cover the HS series contactor terminals.

Features

fused protection of terminals for series HS contactors, HS P-20/25 suitable for HS 2, HS P-40/63 suitable for HS 3, sealable, easy mounting

Mounting

plug-in to terminal

Applications

The caps are used where the terminals of the HS contactors should be protected from contact and/or change.

Technical Data

Technical Data	HS P-20/25
Series	HSP-25
suitable for	HS 2
Accessories design	mechanical lock
Housing shape	triangular
	General data
Mounting type	Device extension
Housing material	thermoplastic
Width	35 mm
Height	22.3 mm
Depth	19 mm
Width (modules)	2
